Forget Walking – Let’s Drive
Alternative transportation mode to travel around campus using golf carts.

Problem
• Students are having a difficult time getting around campus,
• Having to get to point A to point B in a short amount of time

Of students leave early to get to class on time 14.9%

37% of students will pay for these golf cart services

Proposal
• To have a golf cart operated system to transport the students where they need to be
• Have a pass that students can purchase for on campus transportation

Benefits
• Students will get to class on time
• More room on campus for other students to walk
• A good job for a student
